

Their boat hit a bump, and now Jamie and Michael are air born! One of these kids is safe. The other one isn't. Can you tell which one? That's right; the one without the life-jacket is in danger! Kids should always wear a life-jacket during water sports, even if they are a good swimmer. You might hit your head or get the wind knocked out of you. You could go unconscious. You might have a fish jump out of the water and give you a big smacking kiss, causing you to faint. Whatever the case, life-jackets keep us safe!
