

If you need something on the top shelf, is this what you should do? It may seem harmless, and you may be a wonderful climber, but this sort of thing has killed many kids just like you. Either the shelf tips over and crushes them, or something heavy like a T.V. falls and conks them on the head. Shelves just weren't meant to be climbed on. Keep an eye out for little kids too... they love to climb dangerous things like this!
