Mouth

Little kids love to put things in their **mouth**. They love it so much that they do so 20-30 times every hour! So if you leave something dangerous laying around where little kids can get it, they'll put it in their mouth and might hurt themselves. So always pick up after yourself!

Little kids can mistake medicine for **candy**, or they might find some and eat it because they want to do what adults do and don't understand the danger. So it's important to keep all medications locked up where little kids can't get them. If you find medicine laying around, tell an adult so they can put it away!
