Scalding

To be safe, it's always best that adults cook on the back burner. Little kids might try to grab the pan to see what's inside, and tip it over, spilling **scalding** food on themselves. So remind mom and dad: use the back burner whenever possible!

1. Scalding
2. _____
3. _____
4. _____

Medicine

Little kids can mistake **medicine** for candy, or they might find some and eat it because they want to do what adults do and don't understand the danger. So it's important to keep all medications locked up where little kids can't get them. If you find medicine laying around, tell an adult so they can put it away!

1. Medicine
2. _____
3. _____
4. _____

Hazard

Many foods can present a choking **hazard** to little children: Hot dogs, grapes, prunes, and some types of candy can block their airway. So before sharing something with baby, always check with an adult first to make sure it's OK for them to have!

1. Hazard
2. _____
3. _____
4. _____

Remember

Whenever you go outside, **remember** to always shut the door behind you! Little kids might want to follow you, but if they slip outside without mom and dad noticing, they could get themselves into danger and wind up getting hurt.

1. Remember
2. _____
3. _____
4. _____

Dangerous

Little kids love to put things in their mouth. They love it so much that they do so 20-30 times every hour! So if you leave something **dangerous** laying around where little kids can get it, they'll put it in their mouth and might hurt themselves. So always pick up after yourself!

1. Dangerous
2. _____
3. _____
4. _____
