

## Fire Safety Crossword Puzzle

Down:

1. This is something kids should never, ever play with. They kill more kids every year than guns do.
2. Fire spreads , so you need to get out
3. I go inside your smoke alarm. You should check me twice a year, around the 4'th of July and again around Christmas.
4. In a house fire, you'll probably need to do this to get out, because the smoke will be too thick higher up to breathe.
5. Where is the only safe place to be if your house is on fire? The place you should be headed right away?

Across:

6. I'm your first line of defense in a fire. I make a loud noise to alert you if there is a fire in the house.
7. If you're ever in a fire and you see one of these, you should go to them. They're there to save you.
8. Smoke and heat rises, so you should stay
